

## **Mobile App Tester**

@Quixote Automotive Technologies Pvt Ltd [<https://quixote.in/>]

Employment Type: Full-time

Apply within: 15 days

Salary: Up to 12L per year

Location: Gurgaon, Haryana

### **Description**

Quixote (pronounced kee-yo-tee), is an automotive tech start-up working in Connected Cars, InsureTech, ADAS and autonomous vehicular technology.

At Quixote, everyone is a geek and everyone loves what they do, and everyone is working towards a common goal! The startup are an ambitious young company that wishes to change the world with the technology that we develop. They truly believe in the words of Margaret Mead, ""Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has!"". and work diligently & strategically to convert their ideas into technological products.

The QA Engineer will have to collaborate with the product & software development team to inspect and test applications. It will be their responsibility to establish and follow processes for efficiency and quality of the applications.

### **DUTIES & RESPONSIBILITIES**

- Support user testing and perform data validation.
- Develop, execute and maintain manual tests to ensure code quality in a continuous integration environment.
- Test design and code test scripts for new features for the applications (Android/iOS)
- Document and disseminate test results, release notes and troubleshooting guides needed for field support.
- Compile /enforce standards and regularly participates in process improvement activities.
- Liaise with internal teams (e.g. developers and product managers) to identify system requirements.

### **REQUIRED SKILLS & EXPERIENCE**

- Basic understanding of programming languages (Java, Python)
- Great verbal and written communication skills; excellent organizational skills with the ability to multitask
- Familiarity with coding languages used to code test cases such as Selenium, Apium, etc.
- Strong attention to detail and analytical skills with the ability to identify and resolve problems
- Possess the ability to keep the information strictly confidential.
- Ability to work in high-stress environments, often for long hours.
