UI/UX Intern for mobile/web apps
@Codots [https://codots.xyz/]
Employment Type: Internship
Location: Work from Home
Apply within: 15 days
Salary/Stipend: Rs 5000
Experience: 0-1 years

What You Will Work On
- Designing and creating user interfaces for our web and mobile applications in Flutter flow.
- Working closely with the founding team and a developer to understand user needs and design solutions that are both functional and visually appealing.
- Creating wireframes, prototypes, and high-fidelity mockups to communicate design concepts and ideas.
- Incorporating user feedback and conducting user research to continually improve our interfaces.

Who You Are
- A self-starter who can work independently with minimal to no supervision.
- Passionate about UI/UX design and eager to learn best practices and design principles.
- Currently pursuing or recently graduated with a degree in graphic design, interaction design, or a related field.
- Freshers with no or minimal experience are welcome, with the right mindset and willingness to learn.
- Good understanding of design tools such as Figma, Sketch, or Adobe Creative Suite.
- Strong communication and collaboration skills.
- Having your own laptop is a must.

How to Apply
Applicants can send their resume and cover letter to codots.xyz@gmail.com
